

Model: BATTERY LINE

Order number: 69-201267-030

Correct use: Storage of batteries

Classical door technology (door handle) For the storage of lithium-ion batteries Type-tested by MPA/ TÜV SÜD according to DIN EN 14470-1, DIN EN 16121, DIN EN 16122, and DIN 31000 Loss prevention in terms of VdS 3103 Product marking: CE

Construction and colour:

- Outer carcass sheet steel, RAL 7035
- Doors sheet steel, PANTONE 389 C
- Inner carcass decor panels, RAL 7035
- Fittings and features:
 - Doors remain open in any position
 - Doors close automatically in case of fire
 - Cylinder locks for access security
 - Backdraftlock after inside fire
- Bottom tray sheet steel, RAL 7035
- 4 storage levels sheet steel, RAL 7035
- 1 storage area per storage level
- Exhaust air connection on the cabinet roof
- Visual inspection of the ventilation opening
- Earthing connection on the cabinet roof
- Interior fittings grounded to carcass
- Standing skids
- Reset plinth panel, RAL 7015

Category:

Type 90 - lithium ion batteries

Model size	XL
Model type	STANDARD (storage shelves)
Outer width [mm]:	1.194
Outer depth [mm]:	612
Outer height [mm]:	2.045
Net weight [kg]:	520,00
Supply voltage	no charging system
Equipment package	without signal transmission
Number of storage levels	4
Number of storage areas per storage level	1
Door operation	classical technology
Door technology	wing door technology
